

### A Great-Grandmother's Breach of Promise Suit

Pittsburg Dispatch.  
A breach of promise suit that is bound to cause a big sensation has been filed. The plaintiff is Mrs. Augusta Domagolski and the defendant is Ludwig Sinder, her son-in-law, a well-to-do citizen of Esplanade.

An interesting part of the story is that Mrs. Domagolski is a great-grandmother and has six grandchildren. She is 78 years old while her son-in-law is only 49. The plaintiff filed a statement in Common Pleas Court No. 1 in which she asks for \$10,000 damages from Sinder for breaking a marriage contract entered into by them.

Mrs. Domagolski at the residence of a married daughter, Mrs. Herman Schlott 11 Fourth street, says she was employed as a housekeeper by her son-in-law since 1886, when she came to this country from Germany. She claims to have never received any payment for her services. In June, 1895, Sinder's wife died, after a brief illness. After her burial the defendant made a request of her that she remain in charge of the house. His attentions to her soon grew to be very affectionate, and on July 1st, exactly one month after the burial of his wife, the widow Domagolski alleges that her son-in-law proposed marriage to her. As she thought a great deal of him, he apparently returned her affection, she accepted the proposal. She says, however, that he did not give her an engagement ring, although he promised to do so.

The date set for the wedding was Oct. 23. The event, Mrs. Domagolski says, was published freely among the neighbors and friends of the family. When the time came he refused to be married to her.

### SUMMER HOMES AND RESORTS

The Southern Railway is the first of our great railway systems to give information to the public and to fix excursion rates for a summer outing good for return until October 31, by issuing with usual promptness, its Summer Home and Resort Book.

It is handsome in design and artistic in every respect, having thirty-two beautiful illustrations of pages containing the most complete and conveniently arranged information calculated to answer fully and satisfactorily every question likely to be propounded, such as routes and distances, hotels and boarding houses, names of proprietors, how to reach them, rates of board by day, week and month, etc., etc.

The Southern offers a choice of mountain and seaside resorts, the surf bathing and sea breezes of some of the most delightful resorts on the Atlantic Coast or the cool mountain breezes of Swannanoa, Asheville, Lookout Mountain and others 2,500 feet above the sea level.

### Willard Colony in North Carolina.

Scotland Neck Democrat.

The May number of the Southern States Magazine says:

"The Francis B. Willard colony, of which we have just begun operations, it is said, at Andrews' N. C. It is located in Valley river valley, which is in the extreme southwestern corner of North Carolina. The railroad from Asheville to Murphy passes through the 20,000 acres of land purchased by the Willards. The first installment of the colony, headed by President W. C. Damon and Secretary E. P. Smith, arrived in Andrews last October, and since then the population has steadily increased. The colonists have adopted a novel and interesting set of by-laws to govern their enterprise. They say that they do not wish to boom land, or to build a town; that they are moved by a deep conviction that society throughout the United States generally is constructed on a wrong basis, and they propose to begin all over again in their new locality and so gradually bring the entire people around to their way of thinking. It is reported that before the war more than a million and a half of gold was taken out of the valley where the Willard mines are located, and expert gold miners say that amount can be taken from the mines formerly worked."

### ANOTHER BIG MILL

The Stedman Shoals Sold—A Big Cotton Mill to be Built.

Rutherfordton Democrat.  
Mr. R. R. Haynes has bought the Stedman shoal on Broad river, a short distance above Big Island, and will build a big cotton mill there.

The Stedman shoal is one of the finest water powers in the country, and it is at this point that the Spartanburg-Henrietta railroad will cross Broad river.

It is reported that the \$100,000 capital which it was proposed to invest in a 10,000-spindle mill at Forest City, will be invested in the mill it is proposed to locate on Mr. Haynes' purchase, and that the plan to build at Forest City will be abandoned. How true this is, we are unable to tell.

\$2,000 for a Monument to Vance.

Asheville Citizen.

Mr. Geo. W. Pack, a wealthy citizen of Cleveland, Ohio, who spends his winters in Asheville and has considerable property in that city, has set wealthy North Carolinians a worthy example. Yesterday he made the offer of \$2,000 for a monument to the late Senator Vance, the only conditions named in the offer being that the location of the monument should be in front of the county court house. It is useless to add that the commissioners accepted this generous offer.

My heart leaps when I behold  
A flower ever so rare;  
So was it when my life began;  
So is it now I am a man.  
So let it be when I am old,  
Or let me die!

—Wordsworth.

What man with a heart would not feel his heart leap on beholding roses blooming anew in wife's cheeks? No true man likes to see in his wife a sorrow complexion, dull eye, and all the ills attendant upon the irregularities and "weakness" peculiar to the sex. Happily these can be banished, and the roses be ensured by the use of Dr. Pierce's Favorite Prescription.

For nursing mothers or those about to become mothers it is a priceless boon. It lessens the pains and perils of child-birth, shortens labor, promotes the secretions of an abundance of nourishment for the child, and shortens the period of confinement.

### TURNING GRAY AND THREATHENED WITH BALDNESS

The Danger is Averted by Using  
**AYER'S HAIR VIGOR**

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGHT, Ayova, Neb.
